

The Art of Herbal Science®

The Joy of Life in Balance

SUNRIDER®
Product Catalog 2021

An Everlasting Energy

The sun. It nourishes every living thing in nature. It transforms time, change of seasons, and life as we know it. It's our purest, most powerful source of energy.

Sunrider® products harness this perfect power. We expertly balance nature with science to innovate herbal products that inspire you to look and feel healthier, happier, younger, and more energized to create a life you love.

Because when you're riding the sun, it never sets.

AN ENERGY THAT CONNECTS

We invest in your holistic health and well-being—physical, mental, emotional, and financial—so you can live out your best life with the peace of mind that you have a true partner.

AN ENERGY THAT EMPOWERS

Sunrider sparks your passion for personal freedom and fulfillment, too. Our products, people, and plan make it easy for you to start a business and succeed on your own terms, in your own time.

AN ENERGY THAT NOURISHES

Led by our owners, our scientists craft safe, pure, and powerful herbal foods that feed your body, mind, and spirit, so you can live out your life in healthy balance.

Founded in Family

The Sunrider story is really our family's story. It encompasses generations, ancient Eastern medicine, and modern Western innovation. And it begins with our founders, Drs. Tei-Fu and Oi-Lin Chen, whose passion for people led them to create proven herbal products that help others achieve optimal health and energy, and a business that offers them the freedom to live happier, more balanced lives.

The Sunrider Difference

We understand that our customers want products that are not only safe for them and the environment, but also products that really work. The Sunrider difference ensures the highest standard of safety, quality, and effectiveness that you deserve—from the unique philosophy behind our products to our proprietary manufacturing process.

OWNER EXPERTISE

Our founders are top-notch scientists and trusted experts: Dr. Tei-Fu Chen is a world-renowned herbalist with a degree in pharmacy and Dr. Oi-Lin Chen is a medical doctor. Together with their sons Dr. Reuben Chen, also a medical doctor, and Eric Chen, an organic chemist, they oversee the research, development, and manufacturing of every Sunrider® product.

A VARIETY OF WHOLE FOODS

Your body is designed to be nourished by a wide variety of whole foods, not chemicals. There is no perfect food or ingredient—and too much or too little of any one can unbalance your body. Your optimal health requires a vital variety of foods and nutrients, and you can find them in Sunrider® products.

THE PHILOSOPHY OF REGENERATION®

When your body runs in balance, a healthy mind and spirit follow. That's why Sunrider® products holistically nourish (yin) and cleanse (yang) your body's five systems with a precise combination of nutrients that promotes optimal health. We call this the Philosophy of Regeneration®.

MADE BY SUNRIDER

Sunrider® products maximize your body's absorption of concentrated nutrients from whole foods by preserving the integrity of their goodness with our proprietary extraction and concentration process. We oversee this technologically advanced process in our NSF-certified manufacturing facilities.

WISDOM

Scientific discovery drives our success and sustainability. Led by Drs. Chen, our team of Research and Development experts are committed to creating safe, pure, and effective products that promote your optimal health and well-being.

INNOVATION

We use the most advanced pharmaceutical-grade manufacturing machinery, specially customized to meet our exacting standards of product concentration, effectiveness, and safety.

HARMONY

Sunrider® products are highly concentrated and meticulously formulated to fill your body's nutritional gaps with holistic goodness, never GMOs, pesticides, and chemicals. Most are kosher and halal certified, too.

Expertly Made, by Our Experts

Our owners are medical doctors, organic chemists, and herbalists—experts in the fields of health and science. While most companies hire or outsource their research, procurement, and formulation, we have the owner expertise to produce our products in our six innovative facilities worldwide using the most advanced pharmaceutical-grade machinery. By owning more than one million square feet of plant space, including our chemistry and microbiology labs, we control every aspect of manufacturing—not a single production step is outsourced. It's how we personally ensure the purity, integrity, safety, and effectiveness of every Sunrider® product. Without exception.

In 2008, to meet the demands of our growing distribution network, we moved our primary research, development, and manufacturing operations to our Los Angeles Manufacturing Plant. This state-of-the-art facility exceeds the Good Manufacturing Practices set by the U.S. Food and Drug Administration (FDA).

In 2018, Sunrider's Los Angeles Manufacturing Plant earned certification from NSF International, an accredited, independent certification body that tests and certifies products to verify they meet stringent public health and safety standards. From extensive equipment testing to material analysis, every aspect of a product's development is thoroughly evaluated before it can earn NSF certification.

Precise Makes Perfect

Exact standards and equally precise manufacturing set our products above and apart. We expertly extract and concentrate all the beneficial nutrients from herbs, so your body can receive exceptional health benefits without having to eat an abundance of certain foods.

Unlike juicing or oils, which isolate ingredients and strip healthy aspects from plants, Sunrider® products provide a new level of nourishment that's as close to nature as you can get.

From the Land to Your Hands

Superior ingredients yield
superior products; that's the
Sunrider promise.

THE ABSOLUTE BEST HERBS

We source herbs from every corner of the world; many are wild-crafted and non-GMO, farm-raised herbs from mineral-rich soils. We closely monitor the environment, ground, and growing seasons, in order to harvest herbs that deliver peak health benefits.

THE MOST RIGOROUS TESTING

Before we receive a single bulk shipment of herbs, we run extensive micro and identity testing to verify quality of purity. Equally rigorous testing is performed at every stage in manufacturing, too.

PROPRIETARY PROCESS

Our state-of-the-art manufacturing requires state-of-the-art machinery—conventional equipment simply cannot measure up. We pair our expertise of nature with proprietary formulation and pharmaceutical-grade machinery to extract exactly what we want from herbs, while maintaining their nutritional integrity.

PACKAGED TO PERFORM

We even do our own packaging to ensure performance through shelf life. Before it leaves our plant, every product undergoes high-tech temperature control and air-tight sealing processes to ensure its safety, purity, and effectiveness. We continually monitor storage conditions too.

DELIVERED WITH LOVE

Sunrider® products are sold exclusively through entrepreneurs in 50 countries and regions around the world. These inspiring Independent Business Owners and Authorized Business Owners share our unwavering passion for excellence. They love what they do and it shows.

FOCUSED ON FAMILY

Our company started with our own family and has expanded to embrace a worldwide network of entrepreneurs and customers like you. We're all connected, and we take great pride in taking care of you and your family with innovative, industry-leading products for now and for generations to come.

**Love your skin,
from the outside in.**

From everyday skincare to targeted treatments, our scientifically advanced formulas keep your skin in top form at every age. (Not that anyone will be able to guess yours.)

NATURE'S BEST INGREDIENTS

Your skin is your largest organ. And like the rest of your body, it needs to be nourished and protected to stay optimally healthy and beautiful. Infused with skin-loving herbal and botanical extracts, our non-alkaline formulas harmonize with your skin's natural, slightly acidic pH balance, so your skin acts and looks younger.

SKIN IN HEALTHY, BEAUTIFUL BALANCE

Like a protective shield, balanced skin defies environmental aggressors that trigger the earliest signs of aging like uneven skin tone, fine lines, wrinkles, sagging, dullness, and inflammation. Our skincare harmonizes with your skin's oil-water balance to protect and nourish at every stage, naturally.

SAFE AND GENTLE FOR ALL SKIN

Every Sunrider® beauty product is expertly formulated to be gentle yet powerful for all skin tones and types, even sensitive skin. Rest assured, we have the just-right regimen for you.

Skincare

Age is a secret your skin should never tell. Infused with only the finest plant-based ingredients and herbal extracts, our beauty formulas energize your skin into looking and feeling as radiant and healthy as you do.

BEAUTY PEARL®

Feel balanced, beautiful, and youthful

Nourish your skin with beautifying herbs, vitamins, minerals, and essential amino acids—in an equally beautiful, pearl-sized pill. Korean white ginseng helps balance hormones to soothe your muscles, mind, and nervous system while vitamin-rich chrysanthemum and royal jelly support skin's natural renewal.

Not recommended during menstruation or pregnancy.

- 404 Light Beige #01171 .6 oz.

KANDESN® SHEER SILK TRANSLUCENT POWDER

Set your look with smooth, glowing skin

Put on the finishing touch with our barely pigmented, lightweight, breathable loose powder that smoothes visible pores, fine lines, and wrinkles and sets makeup all day. Plant-based squalane hydrates while helping to naturally protect from premature aging, leaving skin looking flawless and glowing.

- 701 Light #01176 12.7g

KANDESN® CONCEALER

Prep with flawless complexion correction

Put your best face (and lips!) forward. Our camouflaging concealer beautifies your natural tone. Non-caking formula blends smoothly and stays put as imperfections, acne, and dark circles appear to disappear. Vitamin E and sunflower seed oil nourish and soothe while vitamin C and plant-based squalane shield with anti-aging antioxidants.

- 503 Medium #01161 .14 oz.

KANDESN® MINI COLOR COMPACT

Enhance with effortless color, on the go

Bring out your natural beauty with intensely moisturizing colors for your eyes and cheeks, in a portable palette that tucks into your pocket and purse for anytime touch-ups. Plant-based squalane nourishes while vitamin E provides antioxidant protection. Palette includes 1 cheek and 2 eye colors, with 2 applicators.

Eyeshadow Tips That'll Take You From Beginner To Pro

- If you have oily lids, your eyeshadow is more likely to settle into your creases and look patchy throughout the day. To avoid this, after you've applied foundation to your lids, dust a light layer of Kandesn® Sheer Silk Translucent Powder to your eyelids.
- Finding eyeshadow shades and colors that complement your eye color is a great way to make your eyes pop.
- Don't be afraid to mix and match eyeshadows on your brush to create a more harmonious look that blends more seamlessly. Just make sure you tap off any excess pigment before you apply it to your lid to reduce fall out.

Your skin is vital and complex and needs to be treated with care and attention. Sunrider's Philosophy of Regeneration® is the belief that we should nourish and cleanse the body—inside and out—to create balance and optimal health.

In tune with this, we use only the finest plant-based ingredients to nourish, cleanse, and balance your skin to promote skin health and natural beauty. Expertly combining herbal traditions and leading-edge science, our cosmetics and skincare are made to work in harmony with the skin, allowing it to absorb nutrients, expel toxins, and function the way nature intended.

Clean with confidence

Your family's home is your sanctuary, the place where you come together to relax and recharge. Trust Sunrider home products to help you keep every inch of it safe, clean, and comfortable.

SOLUTIONS FOR EVERY SURFACE

Floor to ceiling, indoors to out—with just a handful of hardworking home care products, Sunrider leaves no surface untouched. It's a streamlined approach to keeping your home clean, fresh, and safe that saves you time and money.

A CLEANER WAY TO CLEAN

Tough on dirt and stains yet gentle on your family, our cleaning solutions are formulated with potent natural ingredients that provide a superior clean without the dyes, toxic chemicals, and artificial fragrances found in most household products.

SAFE FOR PEOPLE & THE PLANET

Every Sunrider home care product is eco-friendly. Natural ingredients enable you to clean without washing harmful chemicals and carcinogens found in other household products into the earth's soil and waterways. Our highly concentrated formulas mean less product with each use and, ultimately, less packaging waste.

**SUNBRIGHT®
SUPERCLEAN™ LAUNDRY**
Wash up cleaner, softer clothes

Tough on stains, dirt, and odor yet gentle on even the most delicate fabrics and sensitive skin, our nontoxic laundry soap is powered by tea tree oil, a natural antiseptic known for its antifungal properties. Lemongrass oil leaves clothes smelling clean and fresh without artificial fragrances or dyes.

SUNBRIGHT® BLEACH
Chlorine-free, for a naturally superior clean

Breathe easy, our bleach cleans without harsh chemicals. Whiten and brighten your laundry, upholstery, and any surface without stripping away color or irritating your skin, eyes, and lungs. Highly concentrated means you only need a small amount to get big results.

3 lbs. #61023

**SUNBRIGHT®
SUPERCLEAN™ HOUSEHOLD**
Streamline your cleaning time

From sinks to surfaces, the dishwasher to floors (yes, even carpet), our multipurpose cleaner makes quick work of cleaning even the most stubborn dirt, grime, and soap scum. Natural antiseptics like tea tree and lemongrass oils oxidize and disinfect with a crisp citrus scent that freshens your home.

Welcome to Our Family

We're a company rooted in family. While our founders, Drs. Tei-Fu and Oi-Lin Chen, started Sunrider in Utah in 1982, their journey begins decades earlier in Tei-Fu's homeland, Taiwan.

Growing up, Tei-Fu was an unhealthy child. His grandfather cared for him with timeless Chinese herbal remedies. The medicinal properties of these plants were so powerful that they ignited in Tei-Fu a lifelong passion for Chinese herbal philosophy. While studying herbal medicine and pharmacology in college, he met and married Oi-Lin, a gifted medical student from Hong Kong. The couple paired their natural curiosity, scientific expertise, and shared entrepreneurial spirit to start a business that would change lives through natural herbal products like those that changed Tei-Fu's life all those years ago.

This founding philosophy fuels the Sunrider family business today. Dr. Tei-Fu Chen is a world-renowned herbalist with a degree in pharmacy and his wife, Dr. Oi-Lin Chen, is a licensed medical doctor. The Chen's five children help guide our global enterprise across nearly 50 countries and territories, in partnership with thousands of inspiring independent business owners and franchise store owners. We're a family and we welcome you to join us.
